

Provider Requirements for the NEW Personal Performance Awards

As part of the review of the British Canoeing Personal Performance Awards, we are pleased to announce that every Instructor, Coach, Leader, Guide and Bell Boat Helm will be able to deliver the NEW Personal Performance Awards, providing greater access for the paddling community.

Full consideration has been given on how we can support providers of the Personal Performance Awards and how access to training is made available. In Autumn 2018, a specific **eLearning package** will be made available for all providers to access, reducing the need to travel and enabling providers to access the package in their own time, making this a more cost effective route for all Providers.

The eLearning package will be centrally administered, maintained and monitored by British Canoeing Awarding Body. Once Providers have completed the eLearning, this will be corresponded with Home Nations so records can be updated.

The eLearning will only be required to be accessed once, even though providers may be delivering multiple awards. The eLearning will cover the following topics:

- The award structures
- Philosophy of personal development and growth
- Standardisation of the awards
- Assessment principles and practices
- Administration processes

The eLearning is mandatory to enable providers to deliver the NEW Personal Performance Awards. On completion of the educational package, the provider will be sent an electronic document of the eLearning for further reference, as well as a British Canoeing Provider logo they will be able to use in their promotion and marketing of running the awards.

The eLearning provides 3 years' CPD, as well as completing the British Canoeing Assessors Training Course and will cost £15.

Staffing of the NEW Personal Performance Awards

- No course authorisation will be required to deliver the NEW Personal Performance Awards
- Ratios will depend on the award being delivered, as well as the environmental context. All Instructors, Coaches and Leaders are encouraged to make themselves aware of the suggested ratios when working in such environments. For confirmation, please refer to the Environmental Definitions and Deployment Guidance for Instructors, Coaches and Leaders document. <https://www.britishcanoeingawarding.org.uk/guidance-documents/>
- Providers will be supported by award content that can be found on the British Canoeing Awarding Body website - available from Autumn 2018.
- For Providers to deliver the Personal Performance Awards, they **must** remain current with Home Nation membership, a valid First Aid certificate, completed safeguarding training and have up to date CPD.
- There is no minimal delivery requirement but, to remain current, all providers will have to complete a Personal Performance Awards moderation every 3 years. This update will be either through a webinar or similar eLearning system, reducing travel and time commitments.

Providers of the NEW Awards

Name of Award	Provider
Paddle Start	Any qualified Instructor/Coach/Leader/Guide/Bell Boat Helm
Paddle Discover	Any qualified Instructor/Coach/Leader/Guide/Bell Boat Helm
Paddle Explore	Min: BCU Level 3 Coach / BC (UKCC) L2 Coach / BC Coach Award
